*This question is asked to respondents who reported being ages 18-44 years old and report not using birth control. It is not asked to women who were pregnant at the time or had a hysterectomy.

First three most frequent response categories presented here. OTHER category was formed from the remaining responses.

#Use caution in interpreting data for total respondents less than 50. N = Cell Size, NH = Non-Hispanic, % = Percentage, C.I.(95%) = Confidence Interval (at 95 percent probability level).

Percentages are weighted to population characteristics.

Unless stated differently above, Missing, 'Don't know', and Refused responses are excluded.
